

TRAIL BLAZER SURVIVAL SCHOOL & ADVENTURES

South Carolina's #1 Survival School

Survival Training Camp: 1103 Jeter Cemetery Rd. Union, SC 29379

GENERAL PACKING LIST

The majority of class time is spent outdoors, especially during spring, summer, and fall. We recommend packing as if you were taking a camping trip the length of your course. Please consider the weather and climate in South Carolina as temperatures can range from hot to cold, and conditions can change quickly from dry to wet. We highly encourage students to bring items that will enhance their learning experience, but avoid items that might distract you or anyone else from learning. We have compiled a required packing list, and an additional general list of items to bring.

Required List for All Classes

- Fixed Blade Non-serrated Knife (4-6" blade)
- 100 Feet of Cordage (preferably paracord)
- Folding Saw (Corona saw recommended)
- Leather Work Gloves
